

MATHS Learning Journey Reception

Continuing simple patterns

Match the number to the picture

Matching numbers and objects

Recognising and counting numbers 1-10

Roll a number and draw it

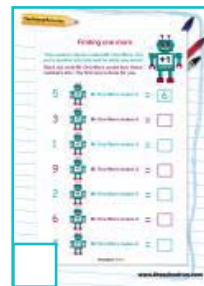

Counting objects

Counting to 10: matching numbers

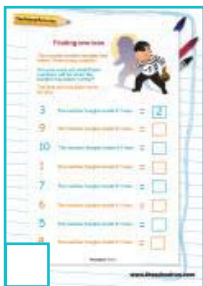

Spot the missing numbers

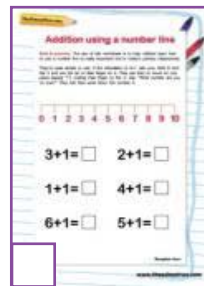

Finding one more

Add one and draw

Finding one less

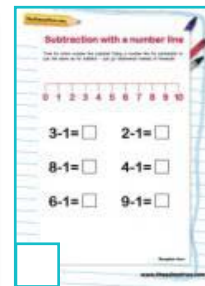

Addition using a number line

Froggie journey addition game

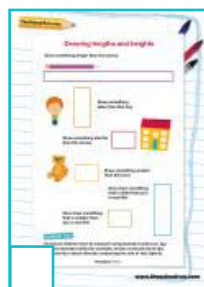

Understanding subtraction

Subtraction with a number line

Estimate and count

Drawing lengths and heights

Comparing height

Describing length

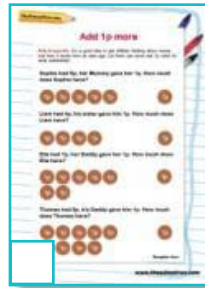

Comparing weights: heavy and light

MATHS Learning Journey Reception continued

Measuring capacity

Add 1p more

Money values and coins

Ordering coin values

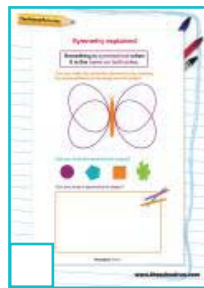

2D shape pictures

Finding cubes and cuboids

Colour the shapes

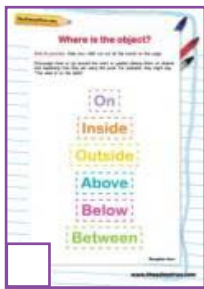

Symmetry explained

Spatial awareness vocabulary

Draw a local map

Where is the object?

On, under, beside, in front

Understanding time in minutes

Make your own practice clock

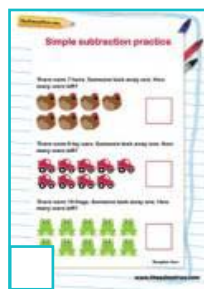

Recognising and counting numbers 1-20

Counting and writing numbers to 20

First addition story problems

Simple subtraction practice

Simple subtraction story problem

Handling data and sorting
