

Science Learning Journey

Year 5

The life cycle of a sunflower

Understanding a frog's life cycle

The life cycle of a bee

The life cycle of an owl

Research life cycles

Research the life of Jane Goodall

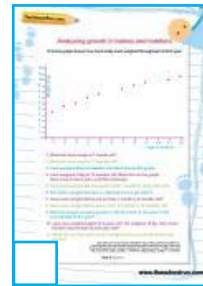

The human life cycle

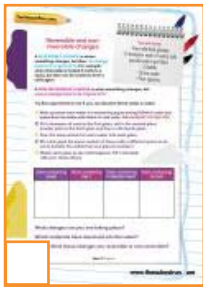

Understanding puberty

Pregnancy in humans

Analysing growth in babies and toddlers

Reversible & non-reversible changes

Reversible & irreversible changes in food

Reversible changes: heating & freezing

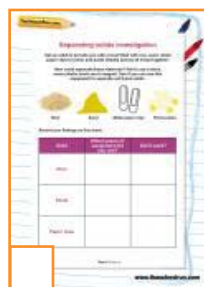

Reversible changes: solid and liquids

Non-reversible changes

Can you separate solids from liquids?

Separating solids investigation

Investigation: will it dissolve?

Dissolving solids and temperature

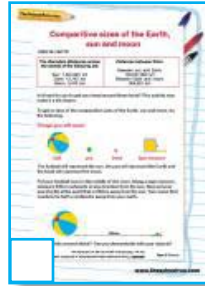

Cleaning water experiment

Science Learning Journey

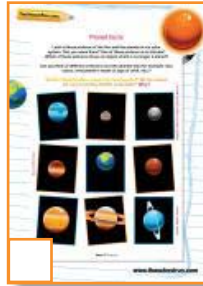

Year 5 continued

Reversible & irreversible changes revision

Comparative sizes of the sun, Earth & moon

Planet facts

Moon phase diary

Make a planet fact pack

Test a hypothesis

Night and day investigation

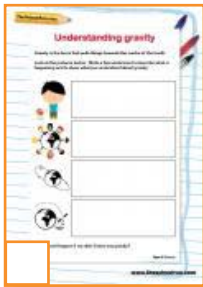

Sunrise and sunset

Sun cream investigation

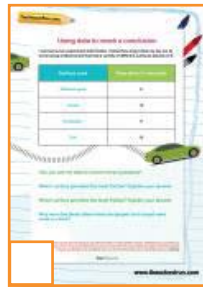

Learning about forces

Understanding gravity

What is friction?

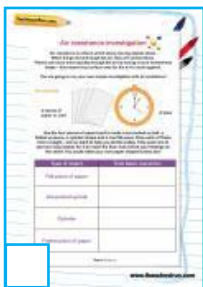

Using data to reach a conclusion

Build your own balloon hovercraft

Friction investigation

Air resistance investigation

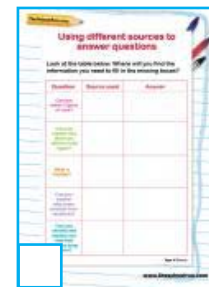

Make your own parachute

Investigating floating and sinking

Forces investigation: comparing data

Using different sources to answer questions
